## Public UML Training Courses in London

CRaG Systems runs public UML training courses at our [London Training Centre](#) during one full week of a calendar month. We provide the venue, instructor, printed materials, lunch and refreshments. You will need to arrange your own [travel and accommodation](#) and [bring a laptop](#). [Enrol here](#) for the course and dates that suit you. You may cancel your enrolment free of charge up until 5pm on the Monday prior to the week of the start of the course. After that time a 50% cancellation fee will apply.

Courses Available as Public Training		
Business Analysis (Monday & Tuesday)	Requirements Definition (Wednesday)	System Analysis (Thursday & Friday)
<a href="#">Business Process Analysis and Modelling Using UML</a> - 2 days	<a href="#">System Requirements Definition Using Use Cases</a> - 1 Day	<a href="#">Object Oriented System Analysis Using UML</a> - 2 Days
<a href="#">Business Analysis, Requirements Definition and System Analysis Using UML</a> - 5 Days		
<a href="#">Business Analysis and Systems Requirements Definition Using UML and Use Cases</a> - 3 Days		
	<a href="#">System Requirements Definition and System Analysis Using Use Cases and UML</a> - 3 Days	

### Suitability

PLEASE NOTE: These courses do NOT cater for those with little or no business or system analysis experience who are seeking certification as a stepping stone towards a formal qualification. These courses are, instead, designed for experienced analysts and developers who wish to learn how to use UML within the context of a well defined [model-driven software development process](#) or for business process re-engineering. For a fuller discussion of the issues surrounding certification please see the [UML Certification](#) page.

### Available Dates

Courses normally run over the 5 days of one full working week.

2012

February 13th - 17th	March 12th - 16th	April 23rd - 27th	June 4th - 8th	July 16th - 20th	September 10th - 14th
-------------------------	----------------------	----------------------	-------------------	---------------------	--------------------------

To check the availability of places please see the [Public Course Status](#) page.

### London Training Centre

1st Floor  
100 Pall Mall  
St James  
London  
SW1Y 5NQ

**Travel:** Nearest tube stations are Charing Cross, Green Park and Piccadilly Circus. See the [Underground Map](#). For a street map of this location see [Google Maps](#) or [Streetmap](#).

**Accommodation:** Nearest hotels on [Google maps](#). Nearest [Premier Inn](#), [Travelodge](#), [Holiday Inn Express](#), [Days Inn](#). Low Cost Accommodation: [Bed & Breakfast in London](#), [London Discount Hotels](#).

### Public Course Pricing: £400/student/day + VAT

Days	Discount	Net Price	VAT 20.0%	Total Price
1 Day	Full Price	£400 plus VAT	£80.00	£480.00 including VAT
2 Days	Full Price	£800 plus VAT	£160.00	£960.00 including VAT
3 Days	5% Discount	£1140.00 plus VAT	£228.00	£1368.00 including VAT
5 Days	10% Discount	£1800.00 plus VAT	£360.00	£2160.00 including VAT

If you have **3 or more students** for training then you will find our [On-Site Course Pricing](#) very competitive with public course pricing. For **onsite consultancy pricing** see the [On-Site UML Consultancy Price Calculator](#).

### Payment

Purchase orders will be accepted from verifiable bone fide organisations including PLCs, LLPs, limited companies and registered charities. These will be invoiced on terms of strictly 30 days after the course. Otherwise payment will be required against the supplied invoice by 5pm on the Monday prior to the week of the start of the course either by personal cheque or by electronic transfer. Credit and debit card payments are not currently available. You may cancel your enrolment free of charge up until 5pm on the Monday prior to the week of the start of the course. After that a 50% cancellation fee will apply.

### Computers and Software

CRaG Systems public courses require the use of a computer rather than paper for exercises. Please see the [Case Tool Use on Courses](#) page for a discussion of this issue. Most students prefer to use their own laptops so we do not normally provide them.

Please ensure that you have the necessary software downloaded and installed onto your laptop and the appropriate exercise zip file downloaded onto your desktop. Links to both of these can be found on the [Course Software and Exercise Files](#) page. Please bring a mouse for your laptop. Graphical software is difficult to use with a pad or stick. A fast internet connection for your laptop will be available by secure wireless network and/or RJ45 network cable.

### Daily Timetable

Training starts at 9.00am each day, except on the Monday when it starts at 9.30am. You should arrive around 15 minutes early each day in order to setup your laptop and get settled in. Courses finish by 5.00pm each day. Lunch is normally at around 12.30pm each day and is of a sandwich buffet style. Lunch lasts for 1 hour, 45 mins or 30 mins as decided by majority vote. The time saved by taking 30 or 45 minutes for lunch can be used to finish 30 or 15 minutes early if students prefer. There are breaks of 15 minutes each at approximately 10.45am and 3.00pm. Depending on progress through the material it may be possible to finish 30 minutes early on the Friday.
